Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group A. Claims 1-10, drawn to a cardiac laser surgery method and apparatus, classified in class 606, subclass 33.

Group B. Claims 11-26, drawn to a laser assembly device, classified in class 606, subclass 18.

Group C. Claims 27-35, drawn to a laser apparatus, classified in class 606, subclass 41.

Group D. Claims 36-47, 61-68, and 71, drawn to a laser apparatus, classified in class 606, subclass 15.

Group E. Claims 48-60, drawn to a slab laser, classified in class 606, subclass 47.

Group F. Claims 69-70, drawn to myocardial revascularization apparatus, classified in class 606, subclass 47.

Inventions A, B, C, D, E, F are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are not usable together because the cardiac laser surgery apparatus (A) can be used by a different method such as radio frequency surgery and the laser apparatus (B, C, D, E, F) can be used in any operating room.

Art Unit: 3748

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

Because these inventions are distinct for the reasons given above and the search required for Group A is not required for Group B, C, D, E, F, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement is traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
